CHURCH OF ST. LUKE

STRUCTURE (Church of St. Luke and the Epiphany) (PA-1499)

*Caption page

330 S. Thirteenth St. Stuccoed stone and brick, approx. 65' (six-bay front) x 130', two stories, gable roof, Corinthian octa-style portico with cast iron capitals, twin front doors with corbeled lintels; three-aisle plan, second-story auditorium, galleries, semi-circular chancel. Built 1839-40, Thomas S. Stewart, architect;

Card 1 of 2

(PA-1499)

parish house built 1874-75, Furness and Hewitt, architects; addition built 1891; vestibule enlarged, new front doors and windows added, new furnishings for chancel 1906, probably by Charles M. Burns, architect, George M. Newhall Engineering Co. Ltd, engineer; second-story organ loft added 1925. Fine example of late Greek Revival church design with notable iron fence and gates. Church of the Epiphany (founded 1834) and Church of St. Luke (founded 1839) merged 1898. 3 ext. photos (1974).

Card Prepared 1979.
